

Rail Line Customers: Leave early. Leave late. Alternate.

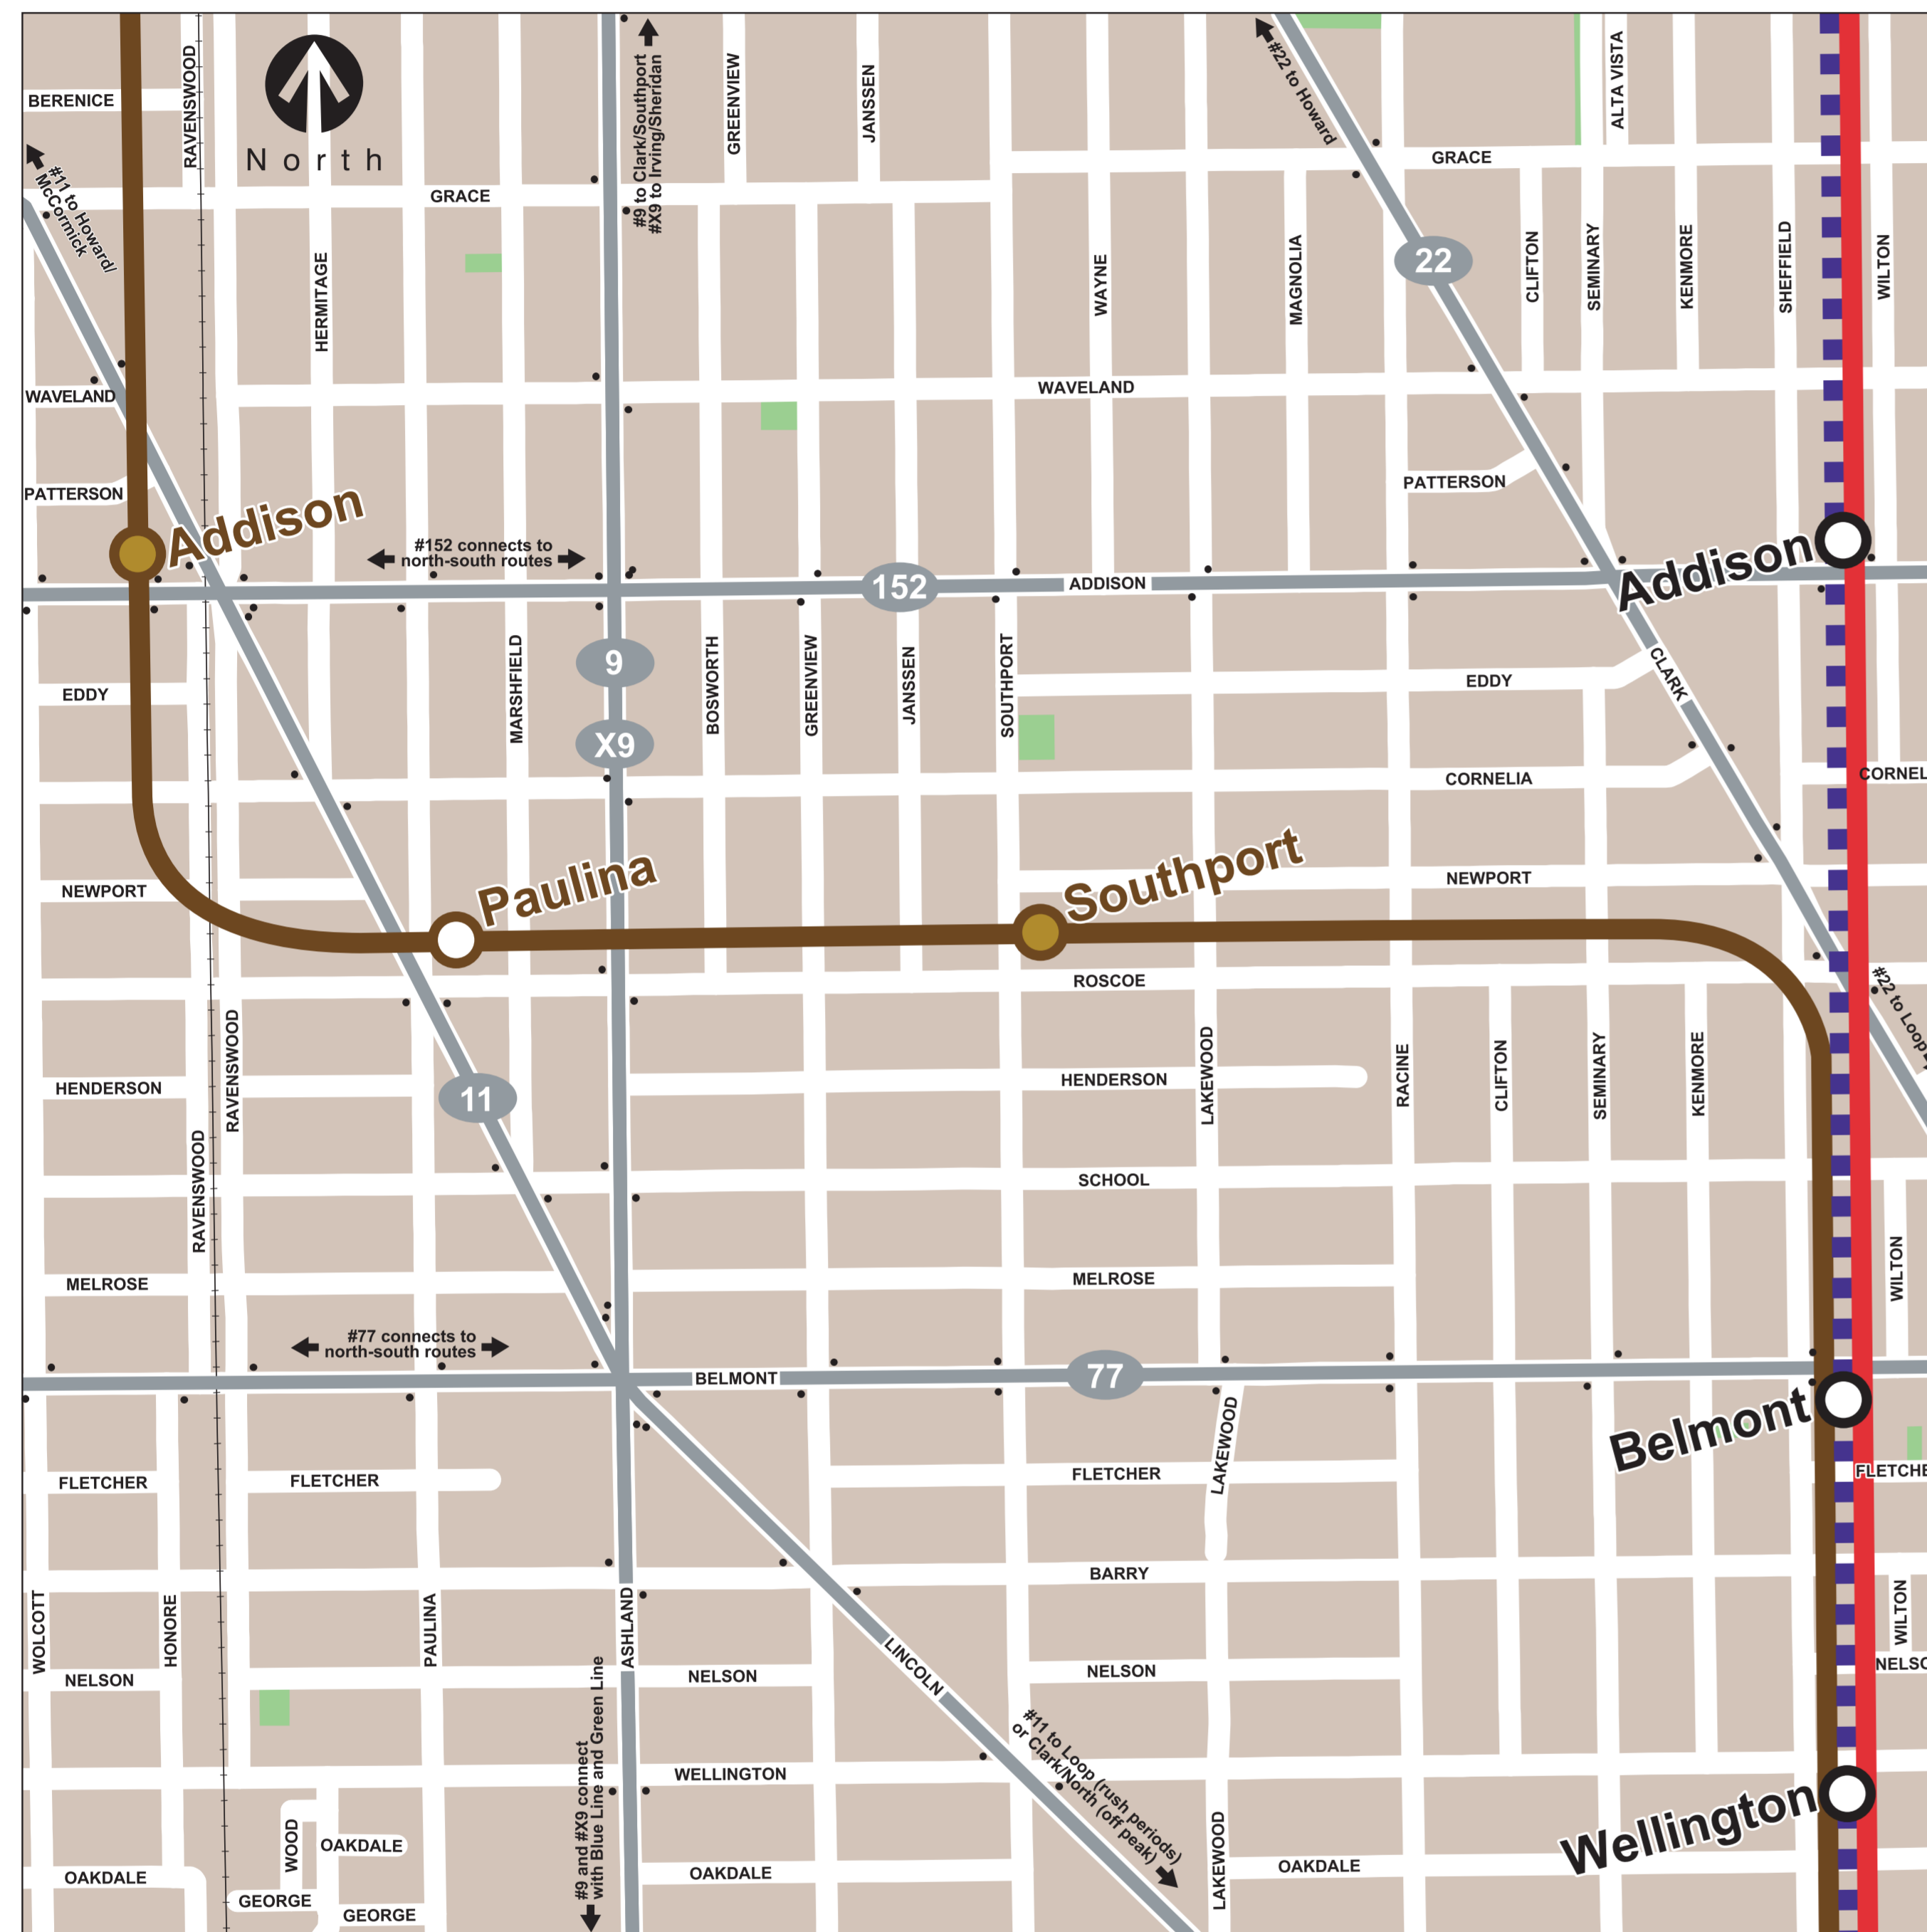

Effective April 2007

The Southport station will temporarily close for renovation on Monday, April 2, 2007, for 12 months. While Southport is closed, the Paulina and Belmont stations will remain open.

Brown Line, Purple Line Express and Red Line trains will operate on three tracks instead of four due to construction at the Belmont and Fullerton stations. Longer wait times and more crowded trains are expected particularly during rush periods.

To ease the impact on your commute, allow extra travel time, leave earlier or later, or try alternate transit service such as CTA buses:

- #9 Ashland
- #X9 Ashland Express (weekdays only)
- #11 Lincoln/Sedgwick
- #22 Clark
- #77 Belmont
- #152 Addison
